Applicant is given **one month**, or thirty (30) days, whichever is longer, from the mail date of this notice to supply the correction, if the non-compliant amendment is one of the following: a preliminary amendment, a non-final amendment (including a submission for a request for continued examination (RCE) under 37 CFR 1.114), a supplemental amendment filed within a suspension period under 37 CFR 1.103(a) or (c), and an amendment filed in response to a Quayle action. Continuation of 4(e) Other: Markings not shown (Use Notice of Non-Compliant PTOL-324)

The amendments to claim 1 are non-compliant because all claims being currently amended must be presented with markings to indicate the changes that have been made relative to the immediate prior version. The changes indicated by markings do not correctly correspond to the prior version of the claim. For example, in line 1, the space separating the words "antithrombin III" and "(AT)" has apparently been removed, yet there are no markings to indicate this change. In line 2, the words "the method comprising" are underlined, suggesting that their insertion into the claim. However, these words appeared in the prior version of the claim. In the last line of the claim, the word "fractions" did not previously appear, yet no markings are provided to indicate that the word has been inserted. See CFR 1.121 and MPEP 714.
